SUMMARY

Aspiring Electronics and Communication Engineering (ECE) graduate seeking opportunities to leverage programming expertise and web development skills in a dynamic team environment. Eager to contribute to innovative projects while continuing to enhance knowledge in programming and web development.

PROJECTS

Library Web Portal

Developed a college library web portal using HTML, CSS, JavaScript, Node.js, and MySQL to streamline services for students and faculty. The portal includes:

- Secure user authentication and role-based access control.
- Book search functionality with detailed information and availability status.
- Efficient borrowing and returning system, updating the database accordingly.
- Admin panel for managing books (add, update, delete) and handling user accounts.
- Ensures efficient library operations with a well-structured and responsive web interface.

EDUCATION

Sethu Institute of Technology

2021 - 2025

B.E Electronics and
Communication

CGPA : 7.5

Velammal Bodhi Campus

2019 - 2021

HSC

Percentage: 73.4 %

Maharishi Vidya Mandir

2018 - 2019

SSLC

Percentage : 80.5 %
